

Low Sexual Desire

Do you have a loss of desire for sex?
Does this cause you distress?

- Are 18 or older?
- Still menstruating?
- Patients must be in a Heterosexual relationship to qualify.

If this sounds like you, we are now enrolling subjects in an exciting new study to evaluate a new medical treatment for this condition Hypoactive Sexual Desire Disorder.

This study will last for about six months.

If you qualify, you will receive a free Evaluation for this disorder including Blood tests, pap smears and ECG. You will also receive free medication. Finally, you will receive financial Compensation for you time.
